I am getting up in years. I don't know how much time I have left on the Earth.

I am Author Frederick Hoehn. I have books at Barnesandnoble.com

My deal with Barnes and Noble is non-exclusive. I have the right to distribute with other outlets.

I choose to release my books to the public domain.

Enclosed is a computer disk that has my books.

I'm sorry, but the disk was used for backup of my files. I don't happen to have a blank disk at this time.

But please focus on the ebooks, and on the covers, which you are welcome to use. If you want additional covers, please use landscapes or boats or trains, as I have done at Barnesandnoble.com

If you wish to use the dot pdf format, please feel free to convert to that format.

You may copy the disk.

Though my work is copyrighted, I release it to the Public Domain.

I think there are audio books included.

You are welcome to use them.
